# Über uns

## **Die Schroers & Schroers Philosophie zeigt sich in klassisch zeitlosem Design.**

Seit der Gründung durch Peter Schroers 1991 entwerfen wir dieser Philosophie gemäß unsere Audio- und TV- Möbel. Innovative Design-Objekte, die neue Wege gehen und neue Werte schaffen. Wir haben Objekte für Audio- und TV-Systeme aller Größenordnungen entwickelt, die flexibel kombinierbar und jederzeit erweiterbar sind.

1995 expandierte das Unternehmen auf den gesamten europäischen Markt. In den folgenden Jahren etablierte sich Schroers weltweit. Seit 2011 führt Martin Schnepel das Unternehmen Schroers & Schroers. Er ging eine Synergie zwischen den Premiummarken Schroers und Schnepel ein.

# ABOUT US

## **The Schroers & Schroers philosophy is reflected in classical timeless design.**

Since the foundation by Peter Schroers in 1991, we have been designing our audio and TV furniture according to this philosophy. Innovative design objects that break new ground and create new value. We have developed objects for audio and TV systems of all sizes that can be flexibly combined and expanded at any time.

In 1995 the company expanded to the entire European market. In the following years Schroers established itself worldwide. Since 2011, Mr. Martin Schnepel has been leading the company Schroers & Schroers. He entered a synergy between the premium brands Schroers and Schnepel.

Martin Schnepel  
Geschäftsführer/CEO  
Schroers & Schroers

Lars Schnepel  
Geschäftsführer/CEO  
Schnepel

## Individuality counts

In addition to our solid glass, there is a choice of expressive wood materials for planning the sides and bottoms, from which the piece of furniture is individually made. But that's not all! Further decors and RAL colours can be requested from us. Special designs are also possible on request.
