## GLOBE – A Cinema Classic, Redefined

An interpretation of English heritage and furniture designs the Globe model embodies timeless luxury.

With its elaborate stitching patterns, rounded and padded armrests, this model requires a very high level of craftsmanship and skill to upholster.

As the largest seat in our Silver Collection (100 cm x 89 cm / 40" x 35"), Globe offers a grand, immersive seating experience for those who appreciate space and comfort.
