

Monitor Audio CLG140

Frequency Response (-6dB)

100 Hz — 30 KHz

Sensitivity (1W@1M)

88 dB

Line Level Voltage

70/100

Maximum SPL

104 dBA

Power Handling (RMS)

40 W (crossover set to minimum 100 Hz@12 dB/Octave)

Recommended Amplifier Requirements

10 — 40 W per speaker

Drive Unit Complement

1x 4" MMP II cone bass-mid driver
1 x 25 mm C-CAM Gold Dome tweeter – Coaxially oriented

Crossover Recommendation

100 Hz at a minimum of 12 dB/Octave (24 dB/Octave optimum)

External Dimensions (Excluding Spike and Mount (H x W x D))

130 x 175 mm

Total Bracket Pivot Angle

32° in all directions

Connection

Encapsulated cable connection

Environmental Protection Rating

IP55

Colour / Finish

Brown

Dispersion

60°

Weight

2.08 kg

Sold As

Single Unit
